

Form A
Author's Declaration on the Use of Artificial Intelligence Systems

1. Publication Details

| | |
|-------------------------------------------------------|--------------------------------------------|
| Title of the publication (enter) | |
| Author(s) (enter) | |
| Type of publication (select or enter) | monograph/ edited volume / article/ other: |
| Unit/series/journal (if applicable) (enter) | |
| Submission date (YYYY-MM-DD) | |

2. Information on the Use of AI Systems

Have AI Systems (including GenAI) been used in connection with the preparation of the publication?

- No
 Yes – to the extent described below

3. Tool, Degree of Intervention, and Scope

| | |
|-----------------------------------------------------------------------------------------------------------|-----------|
| Name of tool / provider (enter) | |
| Version/model (if known) (enter) | |
| Degree of AI intervention (select and describe) | low/ high |
| Scope (elements of the publication: chapters, pages, components) (enter) | |
| Justification for use (required only in cases of a high degree of intervention) (enter) | |

4. Nature of Use (select all applicable)

- Advanced linguistic/ stylistic editing using external AI tools (e.g. DeepL Write, ChatGPT) – excluding standard spell-checking functions in text editors (low degree of intervention)
- Structure organization (e.g. headings, outline) (low)
- Abstract / keywords / title generated on the basis of the author's own text (low)
- Formatting of bibliography / references / footnotes (low – subject to mandatory verification of correctness)
- Translation (initial version) – followed by editorial revision and verification
- Generation or processing of graphics/illustrations
- Generation of fragments of substantive content (high degree of intervention)
- Preparation of alternative text for non-textual elements (e.g. illustrations, photographs, charts, diagrams, schemes)
- Other: [enter]

5. Verification (mandatory in cases of AI use)

Select the verification activities performed:

- I have verified facts and data against reliable sources
- I have verified every bibliographic entry (existence and bibliographic data)
- I have verified the consistency of citations/references with the content of the sources
- I have verified the consistency of alternative text with the described non-textual elements
- I have checked the terminological and logical consistency of the argument
- In the case of graphics: I possess the relevant rights/licences for the input and output materials and have documented their provenance
- In the case of translation: editorial revision and terminological verification have been carried out

6. Author's Declaration

I hereby declare that:

- 1) I bear full responsibility for the content of the publication;
- 2) the use of AI Systems does not infringe the confidentiality of the publishing process, copyright, or licensing conditions;
- 3) the information provided in this declaration is complete and accurate.
